A coordinated pastel sticker collection made for digital planners, journaling, notes, creative social posts, and printable sticker projects.

WHAT IS INCLUDED

- 16 individual transparent PNG stickers (1200 × 1200 px each).
- 16 matching SVG files for scalable editing and recoloring.
- One A4 print-ready PDF sticker sheet.
- One sticker-sheet preview PNG and one product-cover PNG.
- Original kawaii themes: cat, cloud, strawberry, bubble tea, flower, sun, heart, star, avocado, toast, ghost, moon, cupcake, teddy bear, rainbow, and gift.

HOW TO USE THE FILES

- PNG: drag into Canva, GoodNotes, Notability, Procreate, presentations, or social posts.
- SVG: open in a vector editor such as Inkscape, Illustrator, or compatible design software.
- For digital planner use, import the PNG and resize without stretching.
- For physical stickers, print the PDF on sticker paper at 100% / actual size; test your printer margins first.
- For cut machines, test a single sticker first and adjust the cut offset to include the white border.

STYLE GUIDE

- Palette: pastel pink, lavender, mint, sky blue, butter yellow, cream, peach, and plum outlines.
- Keep the white die-cut border visible against busy backgrounds.
- Use a consistent scale within one page or planner spread.
- For best contrast, avoid placing the sticker on a white area without a visible outline or shadow.
